

Annual Activities Report for the Financial Year of 2024-2025

"Protecting Children • Transforming Lives • Building Hope"

President's Message

Dear Friends, Partners, and Well-wishers,

It is my privilege to present the Annual Report of Ambassador Charitable Society for the Financial Year 2024–2025.

This year has been another remarkable journey of compassion, service, and commitment towards vulnerable children living in some of the most disadvantaged communities of West Bengal. Through our Children's Home and community-based initiatives, we have continued to provide a safe environment where children can grow with dignity, receive quality education, and experience love and care within a family atmosphere.

Every smile on a child's face reminds us why our mission is so important. We remain deeply grateful to our supporters, sponsors, volunteers, staff members, and friends who continue to stand beside us in transforming lives.

Together, we are building a future where every child has hope.

About Tilaboni Ambassador Charitable Society

Tilaboni Ambassador Charitable Society (ACS) is a national indigenous, non-political, non-profit charitable organization dedicated to the protection, care, education, and holistic development of vulnerable children and marginalized communities.

The Society derives its name from **Tilaboni**, the village where its humanitarian journey first began. At the time of registration, the Government of West Bengal required the name of the village to be included in the Society's registered title. Although our work has since expanded far beyond Tilaboni, we have proudly retained the name as a reminder of our humble beginnings and enduring commitment to serving disadvantaged communities.

Today, the Society operates from its administrative headquarters at:

Ambassadors Tower
At: Dudhebudhe
P.O.: Jamsol
P.S.: Keshiary
District: Paschim Medinipur
West Bengal – 721133, India

For more than two decades, ACS has worked to create opportunities for children who are orphaned, neglected, abandoned, or living in extreme poverty. Through residential child care, education, nutrition, healthcare, child protection, and community development programmes, we strive to ensure that every child grows up in a safe, loving, and supportive environment where they can realize their full potential.

Our work is guided by the belief that every child deserves:

- Love, care, and protection
- Quality education
- Nutritious food and proper healthcare
- Equal opportunities for growth and development
- A safe, secure, and nurturing family environment
- Respect, dignity, and hope for the future

Through our Dreaming Centers, Ambassador Mission School, and various community outreach initiatives, we are committed to restoring hope, protecting children's rights, and empowering the next generation to become confident, compassionate, and responsible citizens.

At Tilaboni Ambassador Charitable Society, we believe that investing in children is investing in a stronger, more just, and more compassionate society. Every child we serve represents a future transformed, and every act of kindness brings us one step closer to a world where no child is left behind.

Programme Highlights

Children Welfare

The Gilgal Children Home remained the Society's flagship programme during the year.

The Home provided residential care for **32 girls and boys 8** in separated compound, many of whom are orphans, semi-orphans, or come from economically disadvantaged and socially vulnerable families. Both centre distance between about 9km one is at Dudhebudhe for girls and at Patharhuri for boys.

The Home continued to provide:

- Safe residential accommodation
- Nutritious meals
- Educational support
- School enrolment and academic assistance
- Personal care
- Emotional counselling
- Value-based education
- Recreational and cultural activities

The Society also received requests for additional admissions from needy families. However, due to limited sponsorship support and available resources, not every child could be accommodated. This highlights the continuing need for expanded child care services and increased community support.

The programme also contributed significantly to protecting girls from child marriage, child labour, neglect, abuse, and other forms of exploitation by offering them a secure and nurturing environment.

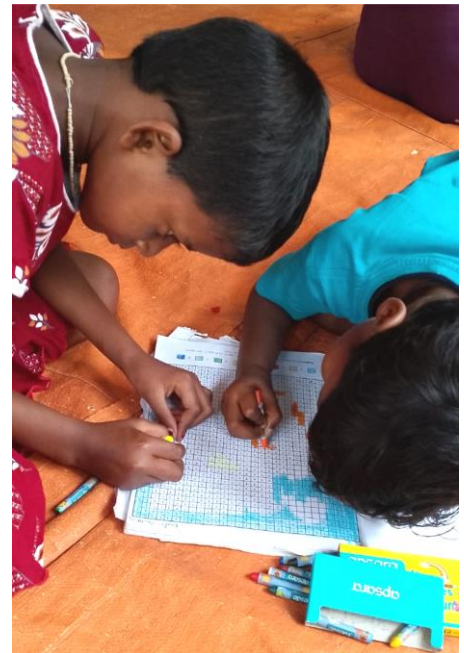

Holistic Child Development

Our approach extends beyond meeting basic needs. Every child is encouraged to grow intellectually, emotionally, socially, spiritually, and physically.

Throughout the year children actively participated in:

- Music
- Dance
- Poetry recitation
- Art and creativity
- Sports and games
- Leadership development
- Life skills education
- Moral and cultural learning

These activities helped strengthen children's confidence, communication skills, creativity, and teamwork.
